Okay. I need electric service. What type service do you want?

Got it. May I have your name, please?

Hey. I'm. My name is. NIRBHEY.

Thank you, Nirpe. What specific electrical service do you need assistance with today?

Actually, power failure in my entire house.

I understand, Nurbier. You know if there are any flickering lights or burning wire smells that accompany this power failure?

Okay. Thank you.

Great.
